DEPARTMENTAL BULLETIN NO. 2

5 September 2001

FIRE CODE COMPLIANCE

In a recent fire code inspection of DMAVA facilities, the department was cited for not keeping fire doors in the closed position. For instance, several locations were observed cocking or putting doorstops to keep the doors propped open. While this may have been done to increase circulation, it is in violation of state fire code violations and the department has been issued a "cease and desist order". If these violations persist and the department continues to be cited, activities in DMAVA facilities could be severely curtailed or limited and the department could be fined.

This is an easy fix. Please inspect your facilities immediately and do on the spot corrections where appropriate. If you have any questions, please call Mr. Lou Ciccanti, DMAVA Office of Code Compliance at 609-530-7168. Thank you for your cooperation and prompt attention to this matter.
